## PROGRAM TERMS

Market Year 2024 is defined as 9/1/2023 - 8/31/2024.

Growers have the following two options to choose from for financing:

1 Offer valid on qualifying purchases made between September 01, 2023 to August 31, 2024. Offer limited to Multi-Use Account Agricultural customers with an available Special Terms limit. Subject to the Multi-Use Account credit agreement and approval. Fixed 3.9% APR from the date of purchase, which may be prior to delivery, until November 2024, when the entire transaction amount and accrued interest are due in full. Regular Multi-Use Account rates will apply after that date. Offer may be limited to qualifying products. Offer is subject to change or termination without prior notice due to unprecipitated changes in market conditions. Changes or termination of offer will not impact previously posted transactions. \$10,000 minimum purchase required. Subject to merchant participation, see your local merchant for complete details. Multi-Use Accounts are a service of John Deere Financial, f.s.b.

2 Subject to credit approval, terms and conditions. Credit must be approved and transactions submitted by 31 August 2023 in order to qualify for the incentive rate. Subject to credit approval terms and conditions by Rabo AgriFinance.

\*\*For retailers within Arizona and California, no initial minimum purchase is required for financing. The \$10,000 purchase amount must be met over the course of the program.

A grower customer can participate in Prepay, John Deere Financing, and Rabo AgriFinance programs BUT NOT ON THE SAME CROP PROTECTION PRODUCT / DOLLAR.

Bayer reserves the right not to pay any commission, incentive, rebate, refund, discount or other promotional payment on units of eligible products under this program where the sale is executed via an online electronic point of sale system unless approved by Bayer in writing.

If a grower purchases Bayer products from a source other than Bayer (or Bayer authorized retailer) Bayer retains the option to prohibit participation of the grower under the terms of the program. Only products purchases from Bayer or another authorized entity and sold to growers are eligible for the program.

Fraudulent reporting of sales information or documentation will be grounds for withholding or invalidating all program participation. Bayer reserves the right using Bayer auditors or an independent auditing firm to verify all claims for eligibility under the program, an in matter of discrepancy, reserves the right of final decision.

XtendiMax® herbicide with VaporGrip® Technology is part of the Roundup Ready® Xtend Crop System, is a restricted use pesticide and must be used with VaporGrip® Xtra Agent (or an equivalent volatility reduction adjuvant). For approved tank-mix products (including VRAs and DRAs), nozzles and other important label information visit XtendiMaxApplicationRequirements.com.

ALWAYS READ AND FOLLOW PESTICIDE LABEL DIRECTIONS. EACH ACCELERON® SEED APPLIED SOLUTIONS OFFERING is a combination of separate individually registered products. Not all products are registered in all states and may be subject to use restrictions. The distribution, sale, or use of an unregistered pesticide is a violation of federal and/or state law and is strictly prohibited.

Adament™ 50 WG Fungicide is only registered in California. Roundup Technology® includes glyphosate-based herbicide technologies.

Movento® MPC Insecticide is only registered for use in Florida, Georgia and Alabama. Aeris®, Balance® Flexx, Baythroid® XL, Corvus®, Degree Xtra®, Harness® Xtra, Huskie® Complete, Leverage® 360, Scoparia™, TriVolt™ and XtendiMax® are restricted use pesticides. Not all products are registered for use in all states and may be subject to use restrictions. The distribution, sale, or use of an unregistered pesticide is a violation of federal and/or state law and is strictly prohibited. Check with your local dealer or representative for the product registration status in your state. Tank mixtures: The applicable labeling for each product must be in the possession of the user at the time of application. Follow applicable use instructions, including application rates, precautions and restrictions of each product used in the tank mixture. Not all tank mix product formulations have been tested for compatibility or performance other than specifically listed by brand name. Always predetermine the compatibility of tank mixtures by mixing small proportional quantities in advance.
